Katrina originally worked 'on the road' for an overland safari company. This year-long safari experience in the early 1990's took her from Nairobi to Cape Town and vice versa, many times! This experience provided Katrina with an excellent local knowledge of Africa and its people.

Over the years Katrina has returned to Africa 'on repeat' experiencing something new and exhilarating on each visit.

Katrina has been selling safaris throughout Africa for over 25 years and travelled to Africa more than 40 times.

She has experienced the luxurious side of safari life where your every need is catered for and been lucky enough to travel to some of the most remote and pristine wildlife areas in the world. Katrina says that sleeping under canvas or under the African night sky is an experience not to be missed.

Amongst her fondest memories is the hot air balloon safari at migration time, gorilla trekking and an extensive air safari incorporating Namibia and Botswana.

## Day 2 - 4 | Cape Town

### *Area Overview*

Cape Town is a true fan favorite, with its exciting Mediterranean vibe, amazing culinary scene, beautiful Cape Dutch architecture, thriving art community, and successful sports teams – all set to the backdrop of iconic Table Mountain and the turbulent waters of the Atlantic Ocean. It is no wonder it is called The Mother City. This vibrant, trendy city has broad appeal. Local attractions include Table Mountain, Robben Island, the V&A Waterfront, Bo-Kaap, boutique shops, numerous museums, wineries, and world famous restaurants. For those venturing beyond the city, the Cape Winelands and Cape Peninsula are a day trip away.

Cape Town's rich cultural heritage dates back more than 300 years and its diversity is evident in the city's architecture, art, and food. It is the second most populous city in South Africa and sits at the southwest tip of Africa.

## Day 4 - 6 | Sabi Sand Game Reserve

### *Area Overview*

The Sabi Sand Game Reserve, named for the Sabie and Sand Rivers which flow through it, is renowned for its wildlife density and predator interactions; seldom will a visitor not see the Big Five. Although it shares a fenceless boundary with Kruger National Park, much of the wildlife in the Sabi Sand stays more or less in the reserve. Over the years, the animals have become used to the presence of safari vehicles, resulting in close encounters, particularly with the elusive leopards.

Roaming packs of African wild dogs, territorial lions, and large herds of elephants are also signature sightings. As well as having a consistently high density of wildlife, the reserve's conservation ethos keeps vehicle numbers to a minimum at wildlife sightings. This offers a more exclusive safari experience while ensuring the welfare of the habituated animals. Being in the private reserve generally affords more flexibility with opportunities to off-road, enjoy night drives and bush walks, all of which make visiting this area a truly unique experience.

## Day 4 - 6 | Ulsalba Rock Lodge

---

### *Property Overview*

You're on top of the world at Rock Lodge! Survey miles of game-rich bush as you stand eight hundred feet above the wilderness. The view is king and there are endless opportunities to spot the roaming wildlife, all set against a backdrop of the Drakensberg Mountains far in the distance.

The view inside is just as spectacular and the granite rock of the koppie is a key feature of the main house's design and each room has a different design reflecting African tribal influences and style. There are 8 rooms at Rock Lodge, including our Master Suite, Makwela Suites, Rock Cliff rooms and the two bedroom Rock Suite, some of which have private plunge pools.

---

### *Experience & Activities*

From safari walks, relaxing spa treatment and cocktails by the pool, there is no shortage of things to do during the day. Activities include game drives, spa treatments, safari walks, relaxing, volunteering, tennis, gym, and a variety of excursions.

Anyone who's been on safari before knows that no two game drives are ever the same! There are two daily game drives at Ulusaba, one leaving early in the morning and one leaving late afternoon, each lasting around three hours. Times will vary depending on the season, but you should always keep your eyes peeled for the Big 5!

Johannesburg, affectionately referred to by locals as “Jozi” or “Joburg,” is the largest city in South Africa and one of the 50 largest urban areas in the world. Though not traditionally a tourist destination, Johannesburg is a transit point for connecting domestic and international flights and has become a cultural hub, with museums, theaters, art galleries, and libraries. There are opportunities for shopping at upmarket shopping centers like Sandton City, the Mall of Africa, and Nelson Mandela Square and, for souvenirs and African art, at flea markets like Oriental Plaza and the Rosebank Flea Market.

Johannesburg is the home of the Constitutional Court, the highest court in South Africa, and tours to the Apartheid Museum often combine a visit to Constitution Hill. Other attractions include former townships like Alexandra and Soweto where visitors learn about South Africa’s apartheid history. The Mandela Museum, located in the former home of Nelson Mandela, is located in Soweto.
